Hazardous Weather

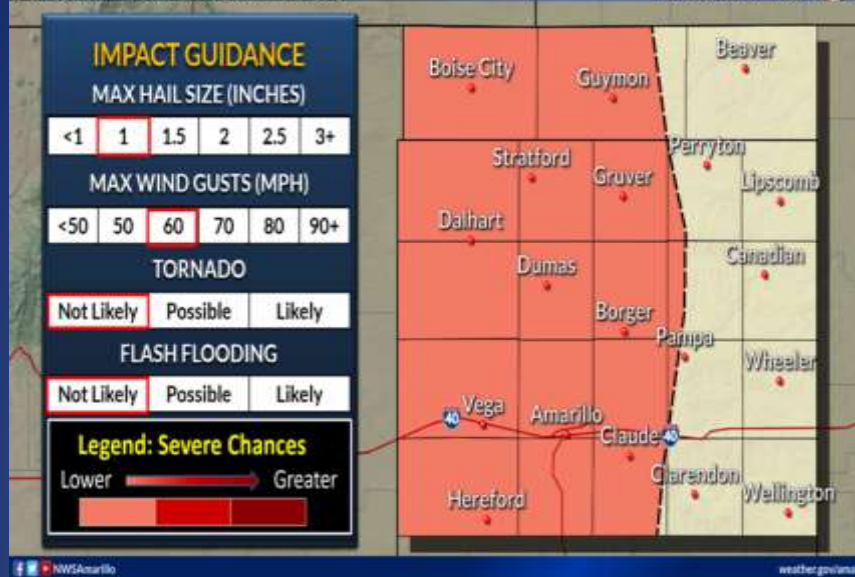

Hazardous Weather

Severe Thunderstorm Potential - 3PM Through 7PM

20 to 30 percent chance for storms late afternoon to early evening.

Weather Forecast Office
Amarillo, TX
Issued Aug 14, 2020 2:49 AM CDT

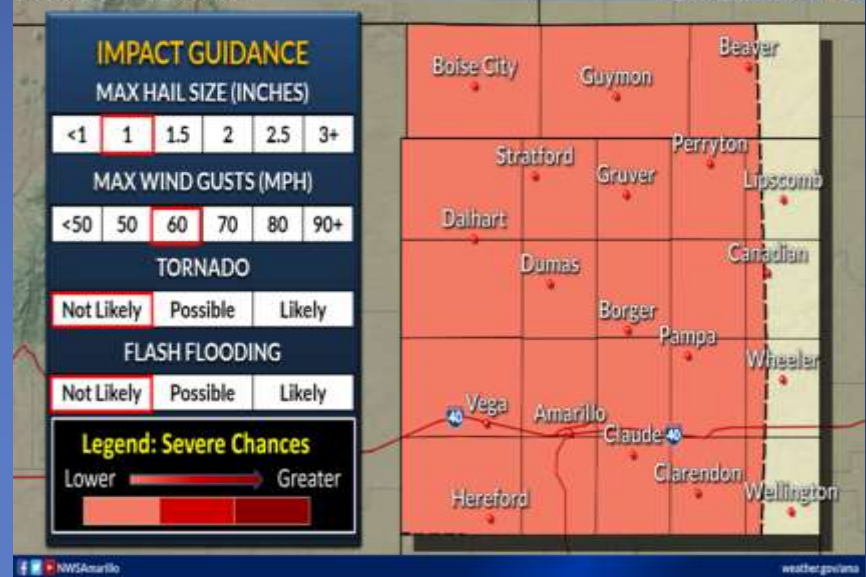

Isolated to scattered thunderstorms are expected today. Dangerous lighting, heavy downpours, gusty winds, and hail can be expected in areas affected by these storms.

Severe Thunderstorm Potential - 7PM Through 11PM

About a 30 percent chance for storms tonight.

Weather Forecast Office
Amarillo, TX
Issued Aug 14, 2020 2:56 AM CDT

Thunderstorms capable of dangerous lightning, hail, gusty winds and heavy downpours will continue to be possible later this evening into tonight.

Hazardous Weather

It is going to be hot again this afternoon, with highs well over the 100 degree mark area wide. A heat advisory is in effect this afternoon from 1 PM to 8 PM across the southern South Plains and much of the Rolling Plains.

Hot temperatures are in store for the area again this afternoon with widespread triple digits. High will range from 102 to 106 degree on the Caprock, to near 110 degrees in the Rolling Plains. Some thunderstorms will be possible on the Caprock this afternoon and evening.

Hazardous Weather

Heat Advisory

THIS AFTERNOON THROUGH MID EVENING

Weather Forecast Office
Midland/Odessa, TX
Issued August 14, 2020 4:14 AM CT

A Heat Advisory is in effect this afternoon and early this evening for much of West Texas and Southeast New Mexico.

Elevated Fire Weather

From late this morning through early evening

Weather Forecast Office
Midland/Odessa, TX
Issued August 13, 2020 11:57 PM CT

Hot and dry conditions will result in Elevated Fire Weather today through early this evening across the central and southern Permian Basin and lower Trans Pecos Region of west Texas.

Hazardous Weather

Friday Heat Warnings and Advisories

Through Friday Evening

Weather Forecast Office
San Angelo, TX
Issued Aug 13, 2020 1:44 PM CDT

Excessive Heat Warning

- 1 PM Friday through 7 PM
- 105 to 108 degrees
- Limit Outdoor Activities
- Drink Plenty of Water
- Never leave children or pets unattended in your car.

Heat Advisory

- 1 PM Friday through 7 PM
- 103 to 105 Degrees

Very hot temperatures will continue through Friday.

Excessive Heat Warning & Heat Advisory

Weather Forecast Office
Fort Worth, TX
Issued Aug 13, 2020 4:11 PM CDT

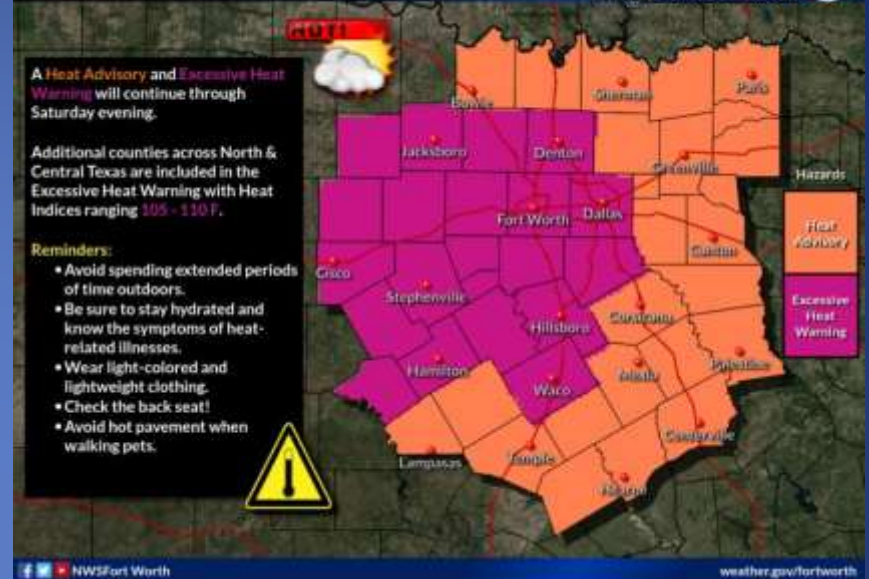

A Heat Advisory and Excessive Heat Warning will continue through Saturday evening.

Additional counties across North & Central Texas are included in the Excessive Heat Warning with Heat Indices ranging 105 - 110 F.

Reminders:

- Avoid spending extended periods of time outdoors.
- Be sure to stay hydrated and know the symptoms of heat-related illnesses.
- Wear light-colored and lightweight clothing.
- Check the back seat!
- Avoid hot pavement when walking pets.

Heat Indices ranging between 105 - 110 F prompt an Excessive Heat Warning and Heat Advisory to be in effect for the shaded areas through the Saturday evening. Stay hydrated, reduce time spent outdoors, and know the signs and symptoms of heat-related illness.

Hazardous Weather

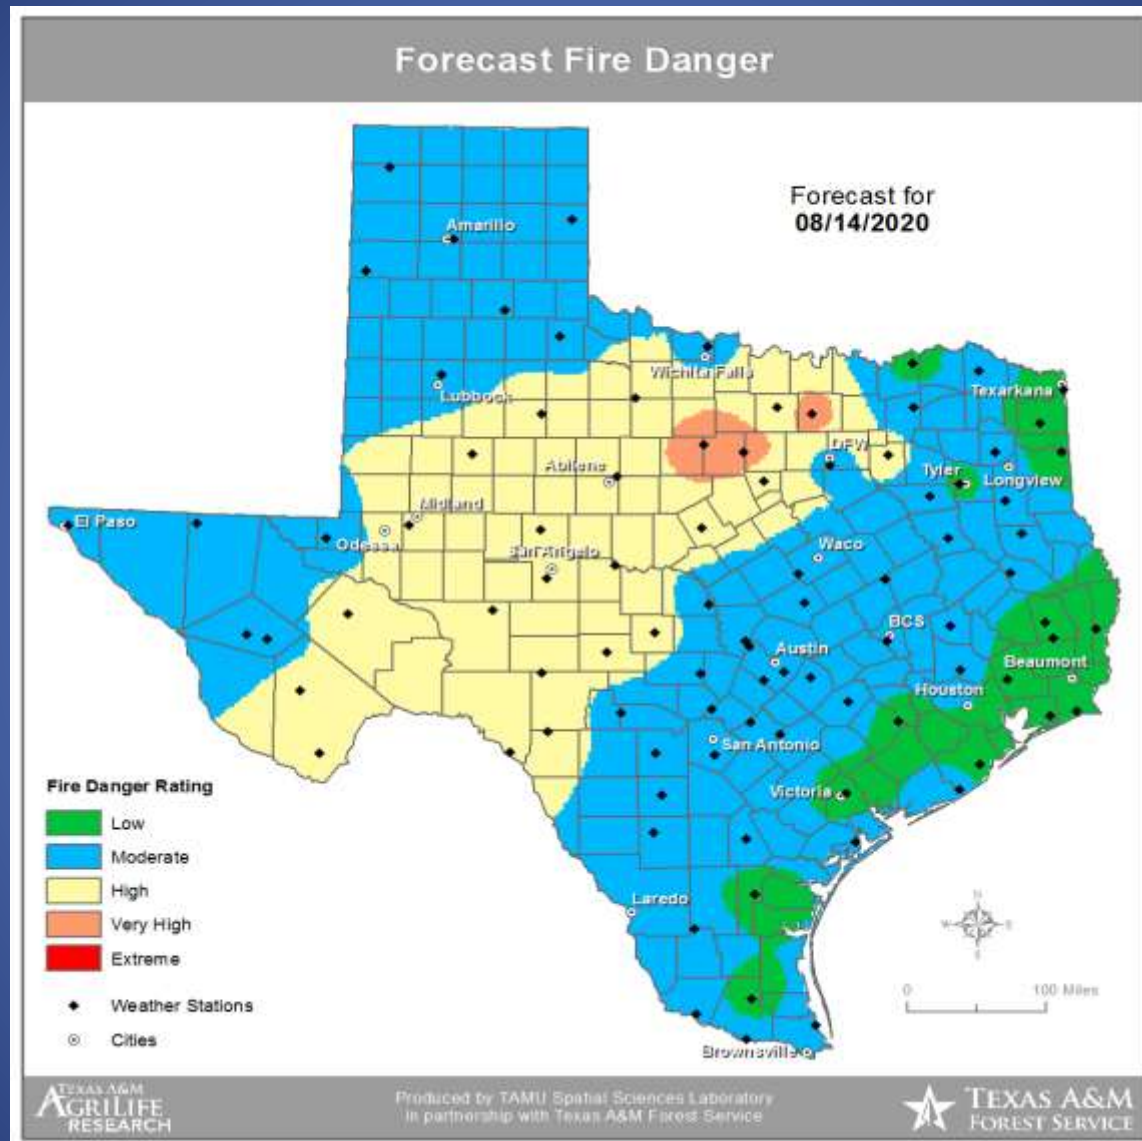

The combination of hot air temperatures and lingering humidity will push the heat index values to between 105 and 109 degrees both this afternoon and again on Saturday.

A Heat Advisory is in effect for most areas on Friday and Saturday afternoon. Highs of 100 to 106 and heat index values of up to 111 can be expected. It will remain warm and muggy at night. As the heat builds, remember to practice heat safety. Stay hydrated by drinking plenty of fluids. Take frequent breaks in the shade or air conditioning. Limit strenuous outdoor activities. Check up on children, the elderly, the sick, and those without air conditioning. NEVER leave young children and pets unattended in vehicles under any circumstances.
